

Dear Student,
 RE: Science Uniform and Equipment

As a college, it is our expectation that you will provide your own equipment and wear the correct uniform, which is compulsory. Please see below for more information:

Equipment:	Clothing:
Laptop (recommended) Folder A4 pad of note paper Pens Pencils Ruler Scientific Calculator	Black Polo Shirt Black School or Cargo Trousers Close toed shoes

Polo shirts can be purchased direct from our supplier. Their website is [MK COLLEGE SCIENCE SUITE \(zingprint.co.uk\)](http://MKCOLLEGE SCIENCE SUITE (zingprint.co.uk)). Though you are welcome to purchase your own non branded black polo shirt.

You should provide your own black trousers (and if you would prefer your own black polo shirt), which can be purchased from high street shops such as Primark, H&M and Asda (but must be without any logos).

Under no circumstances are you to wear jeans, tracksuit bottoms or leggings, unless authorised by your Course Team Leader.

Shoes must cover your feet entirely to protect you from chemical spills. Do not wear sandals, crocks, or other footwear which dose not cover your feet.

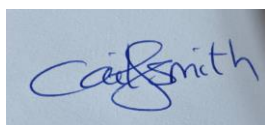

It is a mandatory requirement to wear the listed uniform on this course.

Goggles and safety specs will be provided in class sets. If you wish you may purchase your own, you must use the following links:

- Goggles - https://www.diy.com/departments/bolle-safety-bl15-ventilated-goggles-clear/3660740010430_BQ.prd
- Safety specs - [NEY223ClearLensOverspecs | DIY at B&Q](#)

Do not purchase goggles or specs from other suppliers as you cannot guarantee quality or that they will meet the required standards for eye protection.

Yours sincerely,

Caitlin Smith
Course Team Leader

Science Department
