

STUDENT SEND NETWORK

Scan the QR code below to let us know you are interested in joining! This is a new project which will be fully running by our 25/26 academic year.

You will also be able to see other college groups you may like to join. This could be a good way to meet other students, and make new friends upon your transition to college!

YOUR TRANSITION TO COLLEGE!

We understand that transitioning into college from school can be a challenge. At Milton Keynes College, we're here to support you every step of the way.

We will work closely with your school and local council have as part of a standard process. This ensures we can meet your needs and that your time here is positive for both you and others.

If you are accepted onto a course here at Milton Keynes College you will then have a initial assessment with a member of the team. This isn't a test, but a meeting for us to better understand your needs and how we can support you here at college!

At Milton Keynes College, we offer support and information so we can create more inclusive spaces.

Our team is dedicated to creating an LGBTQIA+ safe space, making spaces where all students feels welcomed and supported. Mia and Aaron are dedicated members of the LGBTQIA+ network whilst our lead Autism Specialist Mentor is the network chair!

WHAT WE DO & WHO WE SUPPORT...

- ★ Academic support
- ★ Math's & English specialist coaching
- ★ Providing resources for revision
- ★ Breaking down assignments and task briefs
- ★ Communicating with tutors

- ★ Promoting self advocacy and being a voice for students - supporting them to advocate for their concerns & struggles. Helping them connect with tutors, resources and explaining their views to those who may not understand them. Empowering them to advocate for themselves so they are heard, respected and supported.
- ★ Organisational skills
- ★ Helping with compiling resources
- ★ Harvard referencing support

- ★ Assignment structure support
- ★ Provide various exam past papers
- ★ Homework resources
- ★ Course work support
- ★ Online teams sessions
- ★ Marking of set work
- ★ Out of college revision timetable planning

MEET

Hello, I'm Aaron!
I specialise in Maths support for our students by making resources, breaking down methods and communicating with tutors about any issues students may be having with Maths. I also support my students working through exam style questions and trying to make Maths fun! I can help students with any other areas of their course that they are having issues with and try to be an advocate for them if they need it.
I am always here for a student to speak to and will help however I can!

THE

Hi! I'm Mia
I'm responsible for English support within our team,
meaning I create helpful resources, break down revision tips, and help students understand English better. I will also be around to help support your main course work such as Health & Social Care.
My goal is to support and encourage every student. I want to be someone you can count on while you're at college!

TEAM!

I'm Michelle and I am SEND Support Coach Lead.
My role combines management, coaching students and oversight of our SEND intervention provision. We ensure our students with diverse needs receive tailored support, guidance, interventions, and resources to succeed and reach their full potential. We track and monitor student progress and adjust support as needed. We also collaborate with tutors and adapt our support strategies.
